APPLES

Fruit trees will be short for the next few years—plant now anything that you find available.

CORTLAND—Fall and winter apple, resembles McIntosh with a very firm flesh. A valuable garden and orchard tree.

DOUBLE RED DELICIOUS—A superior variety of winter apple considered the number one apple in the American orchard.

RED McINTOSH—Fall and winter variety of high quality, bears young and annually.

RED SPY—An improved Spy apple having splendid color and flavor.

WEALTHY—Fall apple with tender flesh, an early constant bearer.

YELLOW DELICIOUS—bright golden apple, firm crispy and juicy flesh, a winter variety.

YELLOW TRANSPARENT—Early fall variety, abundant bearer.

Standard Trees, 2 yrs.	\$1.50
Per Doz.	17.00
Per 25	35.00

5 IN ONE APPLE

On every tree you get five varieties of apples. A one tree orchard—viz.: Red Delicious, Yellow Delicious, Jonathan, Stayman, and Yellow Transparent varieties.

Prices on 3 yr. transplanted stock having either 4 or 5 varieties only \$3.00 each.

PEACH TREES, Hardy Elbertas, 1 yr.	1.00
2 yr.	1.50

We have discontinued the sale of Pears, Plums, and Cherry Trees this year because there are no good standard trees available—mostly one year whips that are not suited for home plantings.
